# European Days of Jewish Culture & Heritage 2017: United Kingdom

## Part of the European Days of Jewish Culture & Heritage 2017

This year's theme, 'The Jewish Diaspora,' can be interpreted in many different ways, as we follow the path of Jewish migration through the centuries all over the world, its impact on the countries in which Jews have settled, the process of assimilation whilst retaining their identity and the contribution the Jewish communities have made to their host countries.

Several participants are holding talks/events focusing on the development of these new communities in the UK and how being a refugee has affected them as individuals, for better or for worse, whilst others are mounting exhibitions for their community on the highs and lows of their journey to this country from their place of birth.

This year also sees the 100th anniversary of the Balfour Declaration, with which B'nai B'rith UK was closely associated, as Zionist statesman Chaim Weizmann was a member of the Manchester Lodge and some participants will be holding special events marking this historic Declaration.

In the spirit of interfaith outreach and understanding of Jewish culture, everyone is welcome!

# UK ORGANISERS

## B'nai B'rith UK

B'nai B'rith UK was established in 1910. It is part of an international organisation founded in 1843, which advocates for global Jewry and champions the cause of human rights. B'nai B'rith is active in 59 countries with representation at the UN, UNESCO and the EU.

B'nai B'rith UK is a cross-communal organisation whose aim is to bring Jewish people together to promote tolerance, strengthen the Jewish Community, combat racial and religious prejudice, to help the less fortunate and the disadvantaged.

Local groups provide innovative cultural, educational and social programmes. These include speaker events, concerts, theatre outings, quizzes, debates, visits to places of interest, walks and trips abroad. These provide a great social network and the opportunity to participate in and support our humanitarian and heritage projects.

The European Days of Jewish Culture and Heritage (see previous page) run by a team of volunteers, is a mainstay of our calendar.

B'nai B'rith UK's London Bureau of International Affairs engages with the Foreign and Commonwealth Office, the

Department for International Development and foreign embassies on behalf of Jewish people internationally and to support Israel. More widely we promote the human rights of minority groups.

We sponsor a food aid programme for needy families and after school activities for children in the southern Israeli development town of Qiryat Gat. We also support a humanitarian food and medical project for elderly Jews and righteous gentiles in Kiev, Ukraine.

Our Young Professionals group is for those in their thirties and forties, organising social and cultural events, either on their own, or in partnership with other charities.

Other B'nai B'rith UK activities include providing scholarships for Jewish engineering graduates, and supporting the British Armed Forces Jewish Community Annual Faith Training Weekend.
